Pizza tabs

fun events

We here at Fazbear Entertainment have been making the news a lot recently, and for good reason. We were once one of the premier companies for fantasy and fun, but ever since a tragedy in 1987, we’ve had trouble staying afoot. We’re not here to just ignore our past mistakes or paint ourselves as saints, but that doesn’t mean that we are okay with downright incorrect or nonsensical statements being made about our history.
